Hi, Everyone:

I am trying to schedule this time for a briefing on the Columbia Falls Aluminum Co. negotiations for an Administrative Order on Consent for Remedial Investigation and Feasibility Study. The site was proposed to the NPL last spring. This is the first time I can find available for everyone at **8:00 a.m. Thursday October 22, 2015**. I've scheduled an hour recognizing that both Martin and Andrea have another meeting starting at 8:30 a.m. I know 8:00 a.m. is not great, but all of the calendars are pretty full. Please let me know if this will not work for you, and I will try to find another time. The next possible time would also be at 8:00 a.m. Monday November 9, 2015. I will work with Mark and Mike to prepare a briefing paper to share with you prior to the meeting date.

Thank you,

Joe

Joe,

Attached please find the team's revised final draft briefing paper. I hope this works for you. Are you planning to send today to the list of meeting invitees, or do you need me to do that?

ENFORCEMENT CONFIDENTIAL

Hey, Team:

Attached is my attempt at a rough draft briefing paper for Martin and Suzanne for this Thursday morning. I took most of it from the previous ARA briefing you all put together. The request for a briefing on the RI/FS AOC negotiations came from management when we mentioned that the PRPs were interested in a Superfund Alternative approach. The briefing is a little thin on the pros and cons of that approach. Please send me any corrections, additions, deletions, or other improvements and we'll try to get it turned around sometime tomorrow so that we can get it distributed before the briefing.

Thank you all for your help!

Joe

Hi Joe,

Mark had a good idea to send you our outline for a briefing we did back in May. So here it is, it may help you from needing to look up a bunch of stuff. (Or at least search all over for it.)

Later,
